

GG LIFE

PRESS & CREATOR FACT SHEET

Developer / Publisher	AfterGlow Games
Platform	PC - Steam
Genre	Life Simulation / Management / Strategy
Mode	Single-player
Early Access	28 August 2026

The Pitch

Start with \$2,000 and one lifetime. Build careers, businesses, property and a family - then leave your legacy to the next generation.

About GG Life

GG Life is a multi-generational life simulation where every decision becomes part of your family's story. Start at sixteen with \$2,000, build a career, invest, buy property, start businesses, get married and raise children. When your character dies, choose an heir and continue playing with what the previous generation built - or destroyed.

Key Themes

Careers and education • Personal finance and credit • Investing • Property and mortgages • Business ownership • Relationships and family • Inheritance • Multi-generational dynasties
